## WHY VISIT SKILLS NORTHERN IRELAND?

Skills Northern Ireland provides 14-21 year olds, their teachers, career leaders and their parents and families the opportunity to experience the jobs of the future all in one place. The interactivity of the event allows young people to try new skills and make the connection between those skills and what they could potentially do as a career.

We recommend schools, colleges and sixth forms bring students in Years 11, 12, 13 and 14. Other visitors include undergraduates, recent graduates, young adults, NEETs, parents, carers, teachers and career leaders.

Skills Northern Ireland is suitable for young people of all abilities and ambitions whether they are looking for a job or an apprenticeship, further or higher education, work placements or advice and guidance from specialists.

### Reasons to attend:

- Help ensure that your students have meaningful encounters with employers, further and higher education providers and training providers all under one roof.
- Provide your students with access to a diverse range of career opportunities, hands-on activities, demonstrations, the chance to learn employability skills and face-to-face interactions with career professionals and industry experts.
- Network with colleagues and brush up on your CEIAG provision in our Teacher's Lounge.
- Receive a travel bursary contribution to help

towards your group travel costs (terms and conditions apply)

- Receive a whole suite of free classroom resources, developed by a careers education specialist, to help your students make the most of their visit. These resources are designed with teachers in mind, giving you the choice of how much detail to go into before the event and taking into account busy timetables.
