WHY VISIT A SKILLS SCOTLAND EVENT?

A Skills Scotland event provides 14-24-year olds, their teachers, career leaders and their parents and families the opportunity to experience the jobs of the future all in one place. The interactivity of the event allows young people to try new skills and make a connection between those skills and what they could potentially do as a career.

We recommend schools and colleges bring students in years S4, S5 and S6. Other visitors including undergraduates, recent graduates, young adults, NEETs, parents, carers, teachers and career professionals are also encouraged to attend.

Skills Scotland is suitable for young people of all abilities and ambitions, whether they are looking for a job or apprenticeship, further or higher education, work placements or advice and guidance.

Reasons to attend:

- Every Skills Scotland event is FREE to attend
- Receive a travel bursary contribution to help towards your group travel costs (terms and conditions apply).
- Help ensure that your students have meaningful encounters with employers and further and higher education providers under one roof.
- Provide your students with access to a diverse range of career opportunities, hands-on activities, demonstrations, a live jobs board, bite-sized talks, employability workshops and face-to-face interaction with career professionals.
- Brush up on your CEIAG provision by listening to relevant talks and networking with a range of employers and educational organisations.
- Participation in the event could contribute to the Careers Education Standard (CES).
- Receive FREE classroom resources designed with teachers in mind to help your students gain the most out of their visit, as well as group leader tools for organising your visit.
